

WHAT IS GENOME PATRI™?

Genomepatri™ is Mapmygenome's **DNA-based health and wellness solution** that helps you discover your true selfie. This provides 100+ easy to read reports that contain insights about your genetic make-up, susceptibility to health conditions, and how you react to medications.

Genomepatri™ is the ultimate DNA-based wellness test, which provides you a 360° view of your health. Using Genomepatri™, design your lifestyle and proactively take charge to achieve long-term health goals. This comprehensive wellness solution includes free genetic counselling with personalised recommendations to switch to healthy habits.
